Akhil Hirpara

Web Designer
& Web Developer

I am a dedicated hard working **Web Designer/Developer** with more than **7 years of experience** in building attractive and sustainable websites. I could create digital magic and elevate user experience to the next level.

I am Expert In **HTML, CSS, PHP, WordPress, Photoshop, Adobe XD, Figma,** Web based mobile first frameworks like **Bootstrap** and **Google Material Design** and scripting languages such as **JavaScript** and **jQuery.**

I'm a professional addict to building beautiful Web Apps. I use fancy modern open-source technology, boosted by the power of in novative third-party services to create pixel-precise web apps with dynamic, feature-rich UI, predictable smooth UX, with virtually any imaginable user interactions feeling responsive. Always Built with quality-first approach. Overall I have worked on over 200 projects of which I have mentioned some of the latest ones in Projects section.

I have the ability and experience to design and execute complex software projects for a diverse variety of users. I possess the enthusiasm and commitment to learn and develop my career within a fast paced and growing business. I have a track record of building fluid and dynamic interfaces that are user- friendly. My objective is to seek an organization where my skills find ample opportunities for up-gradation of my knowledge and growth of my career and where I can prove myself.
